ABOUT ME

An independent and enthusiastic team oriented student having and intermediate knowledge on programming and highly interested in learning new skills. I am seeking an opportunity in a company that will allow me to bring forth my skills , exhibit it and grow it to reach my potential.

PROJECT

- **Simple implementation of Caesar Cipher** using GUI toolkit in python(2021)

- **Scrape Master** - Scraping of live alumni details from LinkedIn (2023)

  Scrapping of alumni information from LinkedIn with the help of web scraping techniques, schedule the program to run periodically to collect the updated information and store the data in csv and database based on the year of passing and branch.

- **District hospital dashboard** showing medical and bed facilities (2023)

  Created a medical health website mainly for government hospitals to upgrade the facilities and make it smart with the display of medical facilities and bed availability to the public using convenient platform .This website was developed using HTML, CSS, Javascript and PHP.

- **Smart Car Parking System** demo model using Internet of Things (2023)

  Designed and implemented smart car parking system that uses IoT technologies to provide real-time information about parking availability and optimize the parking management process by utilizing the Blynk app as the primary platform.

CERTIFICATES

- Introduction to Web Development
- Python for Beginners-Live course
- Hands-on Introduction to Linux commands and shell scripting
- Certificate of completion by The Sparks Foundation
- TCE - Hackathon 2023

EXPERIENCE

- **Mobile Application Development Intern -** The Sparks Foundation - 2022

  The Internship at Sparks Foundation helped me to develop a positive attitude, and a strong sense of responsibility and being innovative. It has created in me an interest in lifelong learning and enhanced my basic knowledge on Mobile app development.

- **TCE Hackathon -** TCE Gadag and Dlithe Nitte - 2023

  The TCE Hackathon held nationwide, helped me get to grips with the basics on my technical knowledge and confidence to complete a task in a given period of time. It helped me to enhance my problem-solving skills using various new ideas which resulted in my selection among the Top 12 finalists.

- **Web Development Intern -**
  Bharat Interns - 2023 (currently working as an intern)

ORGANIZATION

- **VISTA- ISE Branch(NMAMIT)**
  Cultural team - 2023

- **ISTE Member**

- **INCRIDEA Non Technical Event Organizer**
